SAVE THE DATE!
2027 Youth Mental Health Action Day

Mind Our Future Colorado, led by Children's Hospital Colorado and Healthier Colorado, is proud to co-host **Youth Mental Health Action Day** alongside the Colorado Chapter of the American Academy of Pediatrics and the Colorado Child and Adolescent Psychiatric Society as we bring advocates, clinicians, and families together to champion youth mental health policy change at the Capitol in 2027.

The event will include lawmaker meetings plus an advocate training to build confidence and skills for speaking up on behalf of kids, and it will include a unified coalition presence at the Capitol.

Space is limited. Registration opens in November.
Questions? Reach out to Ellen.Stern@childrenscolorado.org.
